APPLICATION FILED UNDER 37 CFR §1.47(b)**

Office of PCT Legal Administration

This is a third Renewed Petition for acceptance of an application where the sole inventor refuses to execute the application for patent.

Ms. Erin P. Thomson, Attorney Advisor for PCT Administration, issued a Decision on Petition under 37 CFR §1.47(b) dated 05 October 2007 setting a period for response of 2 months. Of the items (1) through (6) addressed therein, Ms. Thomson kindly found that items (1), (2), (3), (4) and (6) had been met, for which the Applicant is very appreciative. Ms. Thomson again found that item (5) has not been

satisfied. Item (5) relates to proof that the 37 CFR §1.47(b) applicant has sufficient proprietary interest in the application. More specifically, Ms. Thomson noted that:

However, the assignments on which applicants rely for the rest of the chain of title have not been recorded with the Office. In the absence of the recordation and required statement, they cannot be relied upon 37 CFR §3.73(b)(1)(ii).

The Applicant's attorney, undersigned below, was unsure about the term "required statement" in this context and telephoned Ms. Thomson for clarification. Ms. Thomson helpfully noted that a person with direct knowledge about the assignment documents should sign a statement that the documents represent an accurate and complete chain of title between the previous owner and the present Applicant and that the assignment documents have been or are being recorded.

Thus, in further support of the Petition, the following is presented, in addition to the previous submissions filed 7 August 2007, 23 February 2007 and 05 September 2006:

- A Supplemental Declaration and Statement of Facts in Support of Filing on Behalf of Nonsigning Inventor and Establishing Proprietary Interest for Application Filed Under 37 CFR §1.47(b) (2 pages, signed by Manish B. Vyas on 04 December 2007); and
- Two Notices of Recordation of Patent Assignments (8 total pages, dated 4 and 5 December 2007).

Item (5)

The Applicant respectfully submits that the attached Supplemental Declaration, supplementing Mr. Vyas' previous Declaration filed 23 February 2007, establishes that:

- He is familiar with the documents entitled "Assignment" signed by Simon Robert Haskew for Dynamic Processing Systems Limited and Michael P. Hartmann for KCC Group Limited, previously submitted herein as Exhibit

B and "An Agreement made the 1st day of September 2004" , previously submitted herein as Exhibit C.

- Upon information and belief, these documents, Exhibits B and C, are a complete and accurate chain of title between the previous owner of the subject invention Dynamic Processing Systems Limited and the present owner of the invention KCC Group Limited.
- Upon information and belief, he has instructed that these documents, identified herein as Exhibits B and C, be submitted to the United States Patent and Trademark Office, Assignments Recordation Services, for recordation.

Further, enclosed are copies of the Notices of Recordation of Patent Assignments showing that the "Assignment" signed by Simon Robert Haskew for Dynamic Processing Systems Limited and Michael P. Hartmann for KCC Group Limited, previously submitted herein as Exhibit B was recorded at reel 020192 and frame 0785 on 4 December 2007, and that "An Agreement made the 1st day of September 2004", previously submitted herein as Exhibit C was recorded at reel 020192 and frame 0885 on 4 December 2007.

The Applicant respectfully submits that proper recordation has been accomplished and supported by the required statement and that these documents (previously submitted as Exhibits B and C) may now be properly relied upon, and that item (5) has now been met. Applicant has established that it has sufficient proprietary interest in the above-identified application. Since all required items (1)-(6) have now been met, the Applicant respectfully requests that the application be accepted.

Prayer for Relief

In view of these facts, the Applicant respectfully petitions the United States Patent and Trademark Office to accept the application because the inventor has refused to sign, and accept the application on behalf of one showing sufficient

proprietary interest in the matter justifying such action, necessary to preserve the rights of said party, in particular that item (5) has now also been satisfied. Ms. Thomson is invited to call the Applicant's attorney at the number below to discuss any issue relating to this matter, particularly any effort that would help move the Petition to grant.

Fee

The petition fee has been previously paid; Ms. Thomson noted in the 21 Nov. 2006 Decision, 08 June 2007 Decision and 05 October 2007 Decision that no additional petition fee is required. However, if any additional fees are due with respect to this Petition and submissions attached hereto, the Examiner is authorized to charge such fees to the Madan, Mossman & Sriram, P.C. Deposit Account No. 13-0010 (PET-1013US).

Respectfully submitted,
